SUMMARY

Dynamic B.Tech student with a passion for programming and a keen interest in Software Development. Skilled in C, Java, OOPs, DBMS, and fundamental Web Technologies. Proven ability to learn quickly and adapt to new technologies. Experienced in self-learning projects, eager to apply knowledge and contribute effectively to innovative projects in an internship or entry-level role.

SKILLS

- C programming language
- Java
- Web Development (HTML, CSS, Javascript)
- Data structures and algorithms
- DBMS
- OOPs Concept

INTERNSHIPS AND PROJECTS

WEB DEVELOPMENT | 09/2023 to 10/2023

Bharat Intern - Mathura, India

During my one-month internship at Bharat Intern, I immersed myself in web development, mastering fundamental technologies like HTML, CSS, and JavaScript.

Projects

- Throughout the internship, I spearheaded two notable projects. Firstly, I developed a Temperature Converter—a user-friendly web tool enabling seamless conversion between Celsius and Fahrenheit.
- Additionally, I crafted a Portfolio Website aimed at showcasing professional portfolios. This project allowed me to unleash my creativity and design expertise, prioritizing usability and aesthetics.

EDUCATION AND TRAINING

GLA University - Mathura, Uttar Pradesh

Bachelor of Technology

Computer Science & Engineering, **Expected in 07/2026**

St. Vivekanand Sr. Secondary Public School - Etawah

Intermediate

PCM

St. Vivekanand Sr. Secondary Public School - Etawah, India

High School

Science

TRAININGS AND CERTIFICATES

Learn Java (CodeChef)

Got certificate for successfully completing the Java Learning Course by CodeChef, a comprehensive program designed to deepen understanding and proficiency in Java programming.
